

May 29, 2018. Change to cytognomix.org URL

As of today, we have transitioned the website cytognomix.org to:

<http://academic.cytognomix.com>

The site contains our published articles, lectures and presentations about human genetics and molecular biology. All of the legacy content at this site (1980-2007) will be preserved on the new site.

Please update your browser bookmarks to reflect this change.
